Raising Leaders in Health and Social Care

Level 4 Skills Bootcamp course – Empower Your Leadership Journey

Are you ready to lead teams, influence change, and shape the quality of care in your organisation? Harrow, Richmond and Uxbridge Colleges' (HRUC) **Level 4 Raising Leaders Skills Bootcamp** is designed for experienced Health & Social Care professionals ready to step into senior, supervisory, or managerial roles.

In just 16 weeks, you'll build advanced leadership, communication, and management skills — preparing you for progression into a new role or greater responsibilities within your workplace.

Leadership Growth

Strengthen your skills to manage and inspire care teams.

Career Progression

Prepare for senior roles and future qualifications such as Level 4 in adult care.

Professional Recognition

Showcase your expertise and lead by example in your organisation.

Requirements:

- Attend on site delivery 1 day per week at Uxbridge Campus for 16 weeks
- Employed in Health & Social Care
- Aged 19+
- Right to work in the UK
- Co-Funded by your Employer & GLA.

What will I learn?

Level 4 Raising Leaders

Learners will gain valuable sector knowledge in specific areas of practice such as:

- Personal development
- Professional practice in health and social care for adults
- Behaviours in adult care
- Recruitment, selection and induction processes in care settings
- Understanding on how to manage a team
- Advanced communication skills
- Mentoring in social care
- Understanding professional supervision practice
- Appraising staff performance
- Managing quality
- Personalisation in care and support services.

How will I learn?

- Taught classroom-based face to face workshops, covering key subject areas delivered by industry experienced tutors.
- Group led sessions, supported by case studies, videos and group work.
- Key focus on sharing good practices that individuals implement in their everyday duties and responsibilities.

How will I be assessed?

- Through a presentation demonstrating the essential knowledge and skills you have developed and propose how to put these into practice to enhance working approaches in your organisation. Supporting sharing of good practice with the Health and Social Care Sector.

What's next?

- If you're being supported by your current employer to complete the Skills Bootcamp, then you'll be offered a new role or new responsibilities within your company.
- Your knowledge can be taken into consideration if you progress onto studying a full Level 3 Diploma in Adult Care qualification.
