

Guaranteed promotion or additional duties.

Level 3 Lead with Care

Step Up in Your Health & Social Care Career

Are you ready to take the next step in your care career? Harrow, Richmond and Uxbridge Colleges' (HRUC) **Level 3 Lead with Care** 10-week Skills Bootcamp course is designed to empower existing health and social care staff with the skills and confidence to lead others and take on new responsibilities.

Advance Your Career

Gain leadership and supervisory skills that prepare you for promotion or expanded duties.

Learn from Experts

Classroom-based workshops led by experienced tutors using real-world case studies and group work.

Enhance your Skills

Master advanced care planning, mentoring, coaching, and physiological assessments.

Share your Practice

Present your learning and propose improvements to enhance your organisation's care delivery.

Get Recognised

Successful completion leads to a new role or responsibilities—and you could progress onto studying a Level 3 Diploma in Adult Care.

Requirements:

- Attend onsite delivery 1 day per week at Uxbridge Campus for 10 weeks
- Employed in Health & Social Care
- Aged 19+
- Right to work in the UK
- Co-Funded by your Employer & GLA.

MAYOR OF LONDON

What will I learn?

Level 3 Lead with Care

Learners will gain valuable sector knowledge in specific areas of practice such as:

- Leadership and management
- Personal development
- Responsibilities, skills and expected behaviours to lead others
- Understanding induction processes
- Mentoring and coaching in adult care
- Advanced care planning
- Personal wellbeing
- Understanding physiological measurements.

How will I learn?

- Taught classroom-based face to face workshops, covering key subject areas delivered by industry experienced tutors.
- Group led sessions, supported by case studies, videos and group work.
- Key focus on sharing good practices that individuals implement in their everyday duties and responsibilities.

How will I be assessed?

- Through a presentation demonstrating the essential knowledge and skills you have developed and propose how to put these into practice to enhance working approaches in your organisation. Supporting sharing of good practice with the Health and Social Care Sector.

What's next?

- If you're being supported by your current employer to complete the Skills Bootcamp, then you'll be offered a new role or new responsibilities within your company.
- Your knowledge can be taken into consideration if you progress onto studying a full Level 3 Diploma in Adult Care qualification.
